Puerto Morelos Coral Reef Snorkeling Adventure

Overview

Snorkel the Mesoamerican Barrier Reef, the second-largest barrier reef system on Earth, just off Puerto Morelos in the heart of the Riviera Maya. The reef is only half a mile from Marina Kay Club and is reached within minutes, which keeps seasickness low and gives you about two hours in the water.

Swim above colorful coral formations, meet tropical fish and watch for sea turtles. Small groups, attentive guides and a short briefing and snorkeling lesson make it relaxed for first-timers, families and experienced swimmers. Transport is available from Cancun and selected Riviera Maya locations.
